**It has been an exciting year for Pacific Wild.  
A few of the highlights include:**

The installation of a [hydrophone network](#) in Heiltsuk territory. Listen to the hidden world of whales as we explore the threatened acoustic environment of the Great Bear on 92.3FM (local) and soon to be live on the

internet.

Our continued involvement in the [SEAS \(Supporting Emerging Aboriginal Stewards\) Community Initiative](#) as we bring live wildlife camera footage and other innovative, technologically driven, science-based programs into schools in the Great Bear Rainforest. Our public education efforts are reaching tens of millions of people through award winning films, books, magazine articles and other media outreach initiatives.

Campaign priorities: Pacific Wild continues to ensure that Enbridge's oil pipeline and tanker project proposal is defeated and that trophy hunting of large carnivores in the Great Bear is banned.
